

TLORANTSWE EQUIPMENT (Pty) Ltd

COMPANY PROFILE

COMPANY OVERVIEW

Tlorantswe Equipment (Pty) Ltd is a premier earthmoving and construction equipment repair and maintenance company that has been serving clients across South Africa. With a strong focus on quality, safety, and reliability, we have built a reputation as one of the most trusted companies in the industry. We offer a range of services, including repairs, maintenance, and spare parts supply for a wide range of earthmoving and construction equipment. Our team of highly skilled technicians has extensive experience in repairing all types of machinery, and we use the latest technology and equipment to ensure that our clients' machines are running smoothly and efficiently.

At Tlorantswe Equipment (Pty) Ltd, we understand that downtime can be costly for our clients, and that's why we strive to deliver prompt and reliable services that exceed our client's expectations. Our commitment to quality and customer satisfaction is evident in everything we do, and we work closely with our clients to ensure that their needs are met in the most efficient and cost-effective manner possible. Whether you need a quick repair or a comprehensive maintenance plan, we are here to help you keep your machines moving.

OUR VISION & MISSION

VISION

Our vision is to be the leading earthmoving repair company, known for our exceptional quality of service, expertise, and reliability. We aim to provide innovative solutions to our client's earthmoving and construction equipment repair and maintenance needs, using the latest technology and equipment, while maintaining the highest standards of safety and sustainability.

MISSION

Our mission is to provide top-quality repairs and maintenance services for earthmoving and construction equipment to ensure the efficient and safe operation of our client's machinery. We strive to deliver prompt and reliable services that exceed our clients' expectations.

VALUES

- Quality
- Honesty
- Serviceability

OUR SERVICES

SERVICES

- Component Rebuilds & Repairs
- Component Change Outs
- Machine Maintenance
- Field Service

The company is committed to providing outstanding service and quality workmanship, with a focus on ensuring a predetermined life for both components and machines.

COMPONENT REBUILDS & REPAIRS

Tlorantswe Equipment (Pty) Ltd has expertise in rebuilding and repairing components from many OEM manufacturers. The company follows strict reusability guidelines to rebuild components to OEM specification, ensuring quality standards are adhered to.

OUR SERVICES

COMPONENT CHANGE OUTS

Tlorantswe Equipment (Pty) Ltd offers flexible, individual, and sustainable service solutions to assist clients with removing and replacing components on their machines. The company provides qualified technicians to assist onsite and offsite.

MACHINE COMMISSIONING

Tlorantswe Equipment (Pty) Ltd ensures that machines are in top-quality condition by making sure that all pressures are within specification and operating at optimal performance

At Tlorantswe Equipment (Pty) Ltd, safety and sustainability are our top priorities. We are committed to providing a safe working environment for our employees and ensuring that our operations are environmentally sustainable.

QUALITY CONTROL

We have strict quality control measures in place to ensure that our clients receive the highest quality service. All of our work is thoroughly inspected and tested before being delivered to our clients.

FOCUS COMPONENTS

- Engines
- Transmissions
- Differentials
- Torque Convertors
- Final Drives
- Wheelstations
- Pumps
- Cylinders

WARRANTY TERMS & CONTACT

All jobs completed by Tlorantswe Equipment (Pty) Ltd carry a warranty of 6 months or 2000 hours, whichever comes first. Warranty terms are applicable from the date of delivery, and warranty claims will require a failure report, machine download report, and oil sample history. Components rebuilt and dyna tested will receive a dyna report. Components fitted by clients will need to have Tlorantswe Equipment's installation checklist sent back before the first 50-hour oil sample for the warranty to be applicable. A full investigation will be carried out on the component before any warranty is granted.
